

KSU Stark

Windows 7 Wireless Flashzone-WPA setup

If you have never logged into Flashline and/or changed your password:

*On a wired, campus lab computer (Required **One time only!**):*

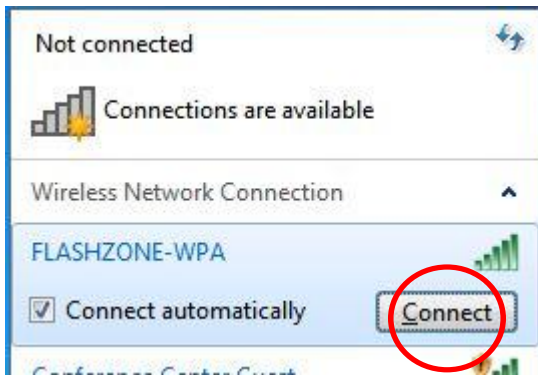

1. Go to <http://flashword.kent.edu>
 - a. Enter your FlashLine username
 - b. Click "Use a password"
 - c. Enter your FlashLine Password
 - d. You **MUST** click "Pick a new password"
 - i. You **MUST** change your password to a new one.
 - ii. What you enter here will change your FlashLine and Vista/Blackboard password.
2. Go back to Kent State Stark home page www.stark.kent.edu
3. Log into FlashLine
 - a. Logging into FlashLine will synchronize the information you just entered in FlashWord.

Now, to connect to the Wireless Network on your laptop:

1. Click on the wireless network icon in the system tray

2. Highlight FLASHZONE-WPA and click Connect

3. In the network authentication window, type your Flashline username and password

4. At the Windows Security Alert, click Connect

5. If prompted for a network location, select Public Network and click Close
6. You should now be connected to Flashzone-WPA
